

## Church Roof 'Saved' With ENESEAL HR

Martin DeSerres, ENECON's Distributor in Quebec, Canada, provided the following 'inspirational' report and pictures.

*I started to talk about ENESEAL and the priest was listening very intently. He finally said, "Do you have applications around here that were done with ENESEAL?" So I took him, along with two other members of the church, and drove them to see other applications that we had completed in the Montreal area.*

*"On a summer day this past summer I was driving by a church and noticed that the roof was in very bad shape. So I decided to stop and went to see whoever was there. I was introduced to the pastor who told me, "You could not have come here at a better time. We are looking to repair that roof."*

*The sale was made. They ordered 60 buckets of ENESEAL HR and coated the roof themselves."*
