

ENECON Poland Intensifies Its Recruitment & Sales Promotion Efforts

Andy Janczak recently traveled to Poland in order to provide some 'hands on' assistance to Marek Marzec, President of ENECON Poland, and his Team as they intensified their Dealer and Sales Agency recruitment efforts. He also had the opportunity to participate in a Customer Event that ENECON Poland hosted for over 50 clients and prospects.

According to Marek and Kinga Sowa, ENECON Poland's National Sales Manager, their goal is to establish Dealers and Sales Agents in at least each of the country's 16 provinces. Their long-term goal is to have about 25 dealers / sales agents throughout Poland supported by 4 Regional Sales Directors. They already have appointed and trained 12 dealers / sales agents.
